INDUSTRIAL BUILDING CONSTRUCTION PROJECT MANAGER

Bowling Green Home Office

We continue our successful growth and need additional project managers to join our family team.

POSITION REQUIREMENTS:

- A minimum of 7 - 10 years of experience in design/build building construction, plus additional experience in GC and CM is a plus.
- Ability to aggressively seek/develop prospective project opportunities
- Excellent verbal, written and personal communication skills
- Effective time management/logical decision making abilities
- BS degree in a related field of study
- Proficient knowledge of pre-engineered metal buildings/conventional structural steel buildings
- Capability and experience of managing multiple projects (\$1M-\$15M+)
- Supervise and direct general building superintendent of projects
- Perform all aspects of projects including negotiations, estimating, contracts, shop drawing review, cost control, and scheduling.
- Maintain strict safety and quality control of projects/products
- Must be a resident or relocate to Warren or surrounding counties.

BENEFITS PACKAGE:

- Competitive salary commensurate to one's ability and proven success
- Generous year-end bonus based on shared profits
- Paid vacation/holidays
- Retirement/Profit sharing plan
- Health/Life/LTD Insurance
- Company furnished vehicle
- No overnight travel
- Work Area predominately within a 80 mile radius of Bowling Green
